ABOUT ME

My name is Mira Long. I am an overseas student studying Certificate IV in Age Care in Melbourne. In my home country I finished compulsory schooling and completed an extra year at Plus Training College which uses English in their instruction. To satisfy Australian Student VISA requirements, I passed the OET Occupational English Test, and I want to make Aged Care Nursing my career.

MY PLANNED CAREER PATHWAY

When I have completed Certificate IV in Aged Care, I will apply for entry into a Division 2 nursing course to consolidate a career in Aged Care Nursing which is a field I really enjoy.

QUALIFICATIONS

- o In progress – Cert IV Aged Care (Melbourne, Australia)
- o National Police Check
- o 1 year at Plus Training College (Indonesia)
- o Compulsory Elementary and Secondary Studies (Indonesia)

SKILLS & QUALITIES

- o Reliable and honest
- o Good communication skills
- o Eager to learn and to advance
- o Enjoy Aged Care and the Health Care Industry

WORK PLACEMENT

My course requires me to undertake the equivalent of 20 days work placement in the next 6 months and I wonder if your organization would consider taking me for that time. My intention would be to make a really good contribution. The college arranges all the paperwork and there is a nominal daily fee of \$5. I am available for an interview at any time, and would really value the opportunity to have a work placement at your nursing home.
